THE SOLUTION PEOPLE FOR INTERNATIONAL BUSINESS

www.avsgroup.in

AVS is a globally renowned brand, a Multinational Company, that has been in multichannel business for more than a decade now. The story of AVS began in 2006, in Agra, the city of Taj Mahal – a land where the domestic industries of leather and handicrafts have good fame worldwide, when Lt. Col. Vijay Tomar, founder of AVS and an Ex-Indian Army Officer, sworn to turn his dream of running a business of exports, into reality. Being a 5 Times National Award and Leather Quality Award Winning company, globally D&B Certified & CRISIL Certified, MSME Registered we have built credibility. With the support of the Government of India, EXIM Chamber and Financial back up, we have been dealing in international business of exports and 100% secured transactions till date. Our global presence can be traced through our offices located in Ghana and Kenya, whereas our associates in Nigeria, Sri Lanka, France, Czech Republic and Dubai.

AVS's inception began as an Original Equipment Manufacturer (OEM) & a global supplier of specialized footwear and leather products, where we manufacture more than 300 Thousand Shoes Per Year, and over the tenure of 10 years and have expanded into different business verticals. Our history goes back in time where we took our first global order for a French Company – Stock American for safety shoes, and we knew, our business had taken flight! Being a leading industrial, military and safety footwear manufacturer and supplier we believe in delivering excellent the protective capabilities products. Our products go through a regular quality control check by seasoned professionals which enables us to monitor consistency in production of a particular order.

Working on the shoe from its very scratch to the final completion, everything is produced in-house thereby reducing production lead time and making a product more cost efficient. Our product portfolio varies from Gum Boots to Derby Shoes, Jungle to Fuel Boots, Oxford Shoes to Full Leather. We are the synonym for Safety Footwear, and take immense pride in stating the renowned brands & clients we have supplied to. Bata, Liberty, Larsen & Turbo, Santabarun Ventures, Qatar Airways, Action Shoes, Stock American, Ghana National Fire Services, Ghana Army, Police and Immigration Services, Kenya Army, Sri Lanka Army, Indian Navy, Indian Army and many more!
